

PARMA, ITALY

PROCUREMENT SPECIALIST

YOUR OPPORTUNITY

Sidel is looking for a self-directed and detail oriented procurement Specialist to join up our Procurement Equipment Team based in Parma. A successful Procurement Buyers have an inquisitive nature and the desire to solve problems with analytical thinking. They've got good organizational skills and experience with working as part of a team.

YOUR SCOPE

- **Procurement Buyer Duties and Responsibilities:**
To accomplish their primary goal of arranging the purchase of goods that an organization requires, Procurement Buyers perform many tasks.
- **Identify Purchasing Needs:**
Procurement Buyers determine the purchasing needs of the organization. They work with other parts of the organization to forecast demand and evaluate inventory levels, and take orders from within the organization.
- **Inventory Management:**
Procurement Buyers are responsible for the management of the inventory if request. They carefully monitor deliveries and any past due shipments.
- **Supplier Management:**
Procurement Buyers build relationships with suppliers and manage their performance. They conduct routine supplier business reviews, evaluating supplier performance and compliance with specific tools for quality and delivery.

YOUR PROFILE

Level of education and languages:

- Deep understanding and professional experience with Purchasing Contracts
- Strong verbal and written communication skills
- Advanced skills with Microsoft Office, especially Excel
- Market knowledge and experience in working across various functions, businesses and regions
- In-depth knowledge SAP platforms
- English good, written and spoken

ABOUT SIDEL

The Sidel Group is formed by the union of two strong brands, Sidel and Gebo Cermex. Together, we are a leading provider of equipment and services for packaging liquid, food, home and personal care products in PET, can, glass and other materials.

With over 37,000 machines installed in more than 190 countries, we have nearly 170 years of proven experience, with a strong focus on advanced systems, line engineering and innovation. Our 5,000+ employees worldwide are passionate about providing complete solutions that fulfil customer needs and boost the **performance** of their lines, products and businesses.

Delivering this level of performance requires that we continuously **understand** our customers' challenges and commit to meeting their unique goals. We do this through dialogue, and by understanding the needs of their markets, production and value chains. We complement this by applying our strong technical knowledge and smart data analytics to support maximum lifetime productivity to its full potential.

We call it **Performance through Understanding**.
