- Modular belt for pack infeed for greater stability and ease of maintenance (flat surface so no more rollers)
- Lifting unit driven by belts for a cleaner system requiring no lubrication and much less maintenance

Options

- PalDesigner® pallet management program to create new pallet patterns autonomously
- Advanced Diagnostic to shorten and ease operator troubleshooting thanks to One Point Lesson access from the HMI or remote from a tablet computer

- Optimizing performance while bringing down total cost of ownership
- High product integrity with a sensitive and reliable handling of small and unstable packs
- Fast and simple format changeovers
- Reduced and optimized maintenance operations
- Frontline technology at entry-level price
- Good starting point for End-of-Line automation

Sidel is a leading provider of equipment and services solutions for packaging beverage, food, home and personal care products in PET, can, glass and other materials.

With over 40,000 machines installed in more than 190 countries, we have nearly 170 years of proven experience, with a strong focus on the factory of tomorrow with advanced systems, line engineering and innovation. Our 5,500+ employees worldwide are passionate about providing solutions that fulfil customer needs and boost the **performance** of their lines, products and businesses.

Delivering this level of performance requires that we stay flexible. We continuously ensure we **understand** our customers' changing challenges and commit to meeting their unique performance and sustainability goals. We do this through dialogue and by understanding the needs of their markets, production and value chains. In turn, we apply our solid technical knowledge and smart data analytics to ensure lifetime productivity reaches its full potential.

We call it **Performance through Understanding**.
