LINE IMPROVEMENT

LATEST OPTIONS & UPGRADES RELEASES FOR FILLERS

To keep your equipment updated over time, our Options and Upgrades (O&U) bring the benefits of the latest packaging technology to your existing lines.

This can result in increased uptime, reduced costs and greater overall production flexibility.

Options: New functionalities to optimise flexibility and costs.

Upgrades: New technologies to improve performance, safety, functionality, hygiene and energy savings.

A match for every need

In total, we offer over 500 options and upgrades for every step of the production process, from blow moulding to product preparation, rinsing, filling, pasteurisation and washing. On top of this, around 40 new solutions are launched every year to better meet our customers' needs.

PRODUCT RECOVERY SYSTEM

RECOVER UP TO 0.2%
OF BOTTLE CONTENT

Cost optimisation, Efficiency – Fillers Eurostar, Starlight, Starcans, Bluestar

O&U reference: HS029

BENEFITS

- Recovers up to 0.2% of bottle content during decompression phase
- Reliable and automatic
- No maintenance required
- Highly sanitised

New valve Europa WM - RFE

NEW VALVE FOR EUROPA WM

IMPROVE FILLING PROCESS AND CUT MAINTENANCE COSTS

Product Quality, Efficiency – Fillers Europa WM – RFE

O&U reference: SF036

BENEFITS

- Filling valve lifetime increased from 4,000 to 6,000 hours
- Improved filling reliability saves product
- “Plug and play” solution
- Reduction in maintenance costs

Refurbishing kit for Starcans valves

REFURBISHING KIT FOR STARCANS VALVES

CUT MAINTENANCE COSTS

Cost optimisation, Product Quality – Starcans HS RSC Fillers

O&U reference: HS098Starcans

BENEFITS

- Maintenance at 6,000 working hour intervals
- Complete kit to overhaul the filling valves
- Improved hygiene level of final product

Ultrasonic de-foaming system

ULTRASONIC DE-FOAMING SYSTEM

INCREASE MACHINE EFFICIENCY AND CUT PRODUCTION COSTS

Cost optimisation, Product Quality, Efficiency – Filler Eurostar RAA – Eurostar HS REP – Eurostar MS REP – Eurotronica FM C REE – Starlight RBC – Starcans HS RSC – Starcans HS RAF – Starcans FM RSE – Selecta C RFD

O&U reference: HS095

BENEFITS

- Reduction of production costs – savings in product and energy
- Increased filling line speed
- Improved quality of final product
- Low maintenance costs
